

On May 27 brothers and sisters have visited nursing home.

It is a fine opportunity to be a vessel in God's hands suitable for use. No matter where, eather nursing home or orphan house or work. Everywhere God wishes to use us for the main mission of the Lord - for expansion of the God's Kingdom.

The Lord says that there is a lot of harvest, only makers aren't enough. Let God bless brothers and sisters to wish to be that vessel which is used by the Lord in our life and in life of church.

On this Sunday two souls in nursing home have prayed to the Lord with repentance.

We ask you to pray that the Lord strengthens their faith and leads them in this life.
