

On May 27 our chorus visited Volochek Baptist church.

Together with Volochek chorus we glorified our Lord on morning church service.

The musical group of the rehabilitation center of Nikulino also took part in it.

Upon termination of church service our chorus went to a female colony where the concert for the condemned took place.

Words of songs and God's Word touched hearts of women. They testified that, being at a concert, could have a rest for their souls, listening to simple words about God and his love to people. Women asked to come more often with similar concerts.
