

On January 20 we had a special service.

We dated it for Day of the Epiphany, or, as usual we call it, to a holiday of the Lord's Baptism.

This day brothers and sisters from the rehabilitation center of Vyshny Volochyok visited us.

The pastor Igor Kudryashov preached about the baptism of Lord Jesus Christ.

Jesus Christ came to this earth for each of us. Brother Alexey, whom the Lord exempted from drug addiction, shared his testimony.

Our guests who used drugs in the past, and now with the God's help were exempted from this slavery, glorified God with fine singing .

Also Juli Anisimova who was engaged in service of Christian camps, told that now together with her husband she will conduct work with children in the rehabilitation center where Artem works now

. She showed photos of her new service and asked to pray for it.

In conclusion of church service Lyudmila Gerchikova congratulated all people who had birthday.

We are so grateful to the Lord for this remarkable day in which we received so many great testimonies of His great Love to us.
