On April 27 we decided to paint a fence.

There will be Easter holiday soon therefore it is necessary to prepare the House of Prayer.

The whole families came for this work. Each family painted one span of the fence. Similar we

find at prophet Nehemiah when each family repaired a certain part of a wall.

Nobody remained idle. We painted a ramp.

Also plastered a socle.

And after work we gathered for tea where we shared impressions about the done work.

On Monday April 29 we will gather again to clean the territory round the House of Prayer.
