

On February 23 we have had the regional conference for brothers

The bishop on the Tver region Igor Kudryashov prayed in the beginning.

Pastor Aleksander Fodichkin was a speaker of a conference

He considered interesting and important subjects: salvation, brothers' ministry and evangelism.

During the conference the brother Alexander Yellnikoff told his testimony.

The brother Sergey Serobabenko sang the song about the Heaven.

All brothers together glorified the Lord by singing.

Sisters made a lunch at this time.

During a lunch brothers also continued to communicate with each other

We spend a lot of time with the Lord for an opportunity to gather together and to receive a reinforcement
